

Construction of Equipment for Industries:

▼ Nuclear

▼ Food

▼ Chemistry

▼ Aeronautics

Specialists in the following Steels:

▼ *Stainless*

▼ *Duplex / Super Duplex*

▼ *Carbon*

Guillotines

Cutting Capacity: Mild Steel = 20 mm; Stainless Steel = 14 mm

Working Length = 6 m

Press Brakes

Capacity = 800 Ton

Working Length = 6 m

Rolling Machines

Bending Capacity: - Mild steel = 50 mm;
- Stainless Steel = 35 mm

Working Length = 4 m

Angle Rolls

Shafts Diameter = 240 mm

Maximum Pressure = 250 Bar

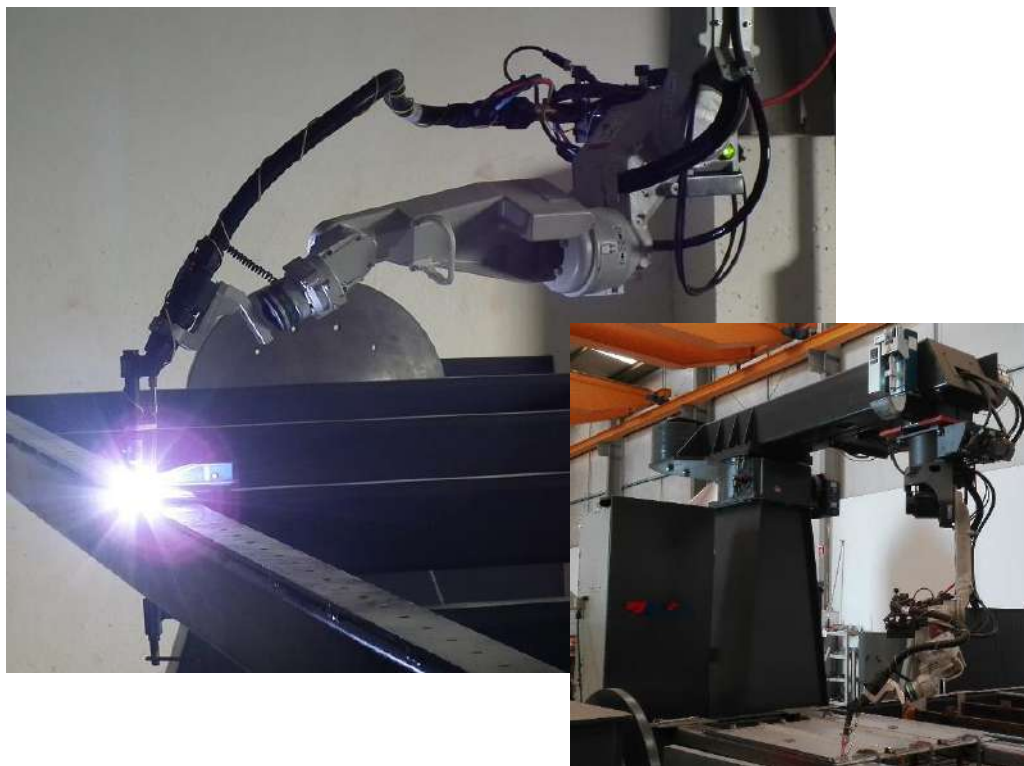

Automatic Welding Robot

Brand: Panasonic

Welding Process: TIG / MIG MAG

Two working zones 2x8 mts

Automatic Welding Station

Brand : Air Liquide

Welding Process : PLASMA / TIG

Arm Stroke: 4.300 | 4.200 mm (horizontal | vertical)
